

ALEXANDER SCOTT

Build & Release Engineer/DevOps Engineer

✉ support@qwikresume.com ☎ (123) 456 7899 📍 Los Angeles 🌐 www.qwikresume.com

PROFESSIONAL SUMMARY

Around 4+ years of IT experience as a DevOps Engineer, with a profile of Software Configuration/Build/Release Management/Continuous Integration and expertise on version control tools like Subversion, Clear case administration, Managing build and multiple releases. Also worked on Clear Quest (Bug Tracking Tool) administration and have hands-on Build Automation tools like Hudson and Continuum.

WORK EXPERIENCE

Build & Release Engineer/DevOps Engineer

Seaside Innovations

📅 May / 2022-Ongoing

📍 Santa Monica, CA

1. Interacting with client teams to understand client deployment requests.
2. Coordinating with the development, database administration, QA, and IT operations teams to ensure there are no resource conflicts.
3. Responsible for working with the source control tools such as Team Foundation Server and git.
4. Building the scripts using Maven build tools in Jenkins to move from one environment to another.
5. Primary duties include building and deploying the Java applications onto different environments like dev, QA, UAT, and production.
6. Analyze, resolve, compile, and deploy errors related to code development, branching, merging, and building of source code along with Linux administration (installation, configuration, tuning, and upgrades of Linux).
7. Implementing a continuous deployment(CD) pipeline involving Jenkins and Chef to complete the automation from commit to deployment.

DevOps Engineer

Cactus Creek Solutions

📅 May / 2020-May / 2022

📍 Phoenix, AZ

1. Created detailed documentation of the complex build and release process, the post-release activities process, Jira workflow, and the release notes.
2. Implemented best practices of agile methodology to speed up the delivery process efficiently.
3. Worked with SVN to manage source code repositories and performed branching, merging, and tagging depending on the requirement.
4. Performed SVN to git migration and implemented & maintained the branching and build/release strategies utilizing git.

EDUCATION

Bachelor of Science in Computer Science

University of Technology

📅 May / 2018-May / 2020

📍 Denver, CO

Focused on software development, systems architecture, and cloud computing.

SKILLS

DevOps

Build Release Engineer

AWS

Linux

ACHIEVEMENTS

- 🌟 Reduced build times by optimizing scripts, leading to a 25% increase in productivity.
- 🌟 Migrated legacy applications to cloud infrastructure, ensuring scalability and reliability.
