

CECILIA (FAN YI) YUE

PRODUCT DESIGNER | I'm a former CPA with a passion for interaction design and strategic storytelling.

UX/UI EXPERIENCE

Freelance Product Designer / Freelance

March 2021 - Present (SAN FRANCISCO, CA)

Provided consulting services for an accounting e-commerce start up to improve their onboarding process. Performed a heuristic analysis and recommended potential solutions which improved click through rates by 15%.

Product Designer / Beyond Books

July 2021 - Present (San Francisco, CA)

Designed an accounting task management system from end to end as the sole designer. Currently collaborating with an engineer and product designer to launch to market.

WORK HISTORY

Senior Accountant / Zendesk

October 2018 - June 2021 (San Francisco, CA)

Led process improvements within the accounting organization which led to 35% time savings and a more efficient work flow across global teams. Oversaw the software capitalization process and partnered with engineering and design leads to translate technical projects to the accounting team for bookkeeping.

Senior Accountant / Deloitte

September 2017 - September 2018 (Toronto, ON)

Led over 10 audits within the private technology space. Communicated with company executives on a regular basis and advised them on accounting guidance and the application to their business to help assess risks and opportunities.
